PSD-HUC-018	MRU Barge Campaign Post Shutdown Phase CRA			Due Date: 2021-03-27
Activity	Node	Facility	Priority	
		BRG-CPP		
Project Phase			Guideword	
MRU Integration Project Post-Shutdown Phase				
Causes				
Currently, category 2 Hotwork activities in non-hazardous area require Pressurized containment habitats as per Project specifications and procedures. However, this is not required as per Hess PTW procedure.				
Safeguards				
None				
Consequences				
1. Additional work requirement, requiring additional work steps (additional manual handling), posing schedule constraints and longer duration to carry out work activities 2. Additional manual handling to set-up and monitor habitat operations, resulting in increased risk of personnel injuries from manual handling hazards				
Initial risk		Residual Risk		
None		None		
Recommendations/ Actions				
To review current Project Pressurized Habitat procedure for Category 2 hotwork activities in non-hazardous area against Hess Safe Work Procedures. If allowable, to consider containment habitat for Category 2 hotwork activities in non-hazardous area during Post-SD campaign, to reduce or simplify work requirement, minimize schedule constraints, etc.				

Response		
None
